

NX

RELIABLE PERFORMANCE
FOR **PROFESSIONAL** NEEDS

NX PALLET STACKER

The NX stacker offers unmatched value to meet the demands of **professional-grade** equipment, it retains the **reliability, durability, and ergonomic** design while focusing on functionality to support light duty applications.

Ideal for warehouses and efficient operations thanks to his compact design that allow to work in narrow spaces. Its streamlined dimensions allow for **effortless manoeuvrability**, even in narrow aisles and tight spaces, optimizing workflows in restricted environments.

Built with robust materials it guarantees reliable, long-term performance, perfectly suited for professional use. Additionally, the design allows easy access to the battery and components, **simplifying** maintenance and minimizing downtime.

MADE IN ITALY

Consolidated know how due to over 40 years of experience in material handling equipment manufacturing and lean manufacturing process, with many and severe internal tests, **guarantee high quality standards.**

All Lifter by Pramac products are designed to meet 100% compliance with current standard regulations, and internal quality tests ensure excellent reliability and durability.

FORKS CONTROL

The lifting and lowering system optimizes **efficiency, accuracy, and precision** during the storage process. Fragile loads are gently placed on racking or the floor with maximum precision, enhancing operational efficiency.

The lowering speed ranges from **0.1 to 0.2 m/s**, while the lifting speed is between **0.2 and 0.3 m/s**, ensuring smooth and controlled movement at all stages.

Variable speed

The variable speed control ensures that the stacker moves up and down smoothly

Load Capacity

1200 Kg

Compact Design

Easy to manoeuvre thanks to the compact dimension with L2 585 mm

Height Options

Wide offer from **900mm** with simplex mast, up to **3500mm** with duplex mast

MULTIFUNCTIONAL TILLER

Ergonomically designed tiller with intuitive controls for a **comfortable and efficient** operator experience.
